UTI

A person dealing with Urinary tract infection (UTI) experiences a burning sensation while urinating.

Saumya capsules taken along with other antibiotic medicines can cure the person of the condition.

Saumya

Burning Preclusion

Burning Sensation in Throat

Sometimes, the extensive use of medicines causes burning sensation in the throat.

Saumya is beneficial in such a situation.

Burning Sensation in Hands and Feet

Some people often feel as if their hands and feet are on fire. So, in winters, they keep their hands & feet out of the blanket to find some relief. It all happens because of *pittavikara*.

Saumya balances *pittavikara*.

Saumya

Burning Preclusion

Nosebleed

In summers, many people experience nasal bleeding. Saumya reduces the tendency of nasal bleeding.

Anal Discomfort

Haemorrhoid is a primary cause of burning of the anus during defecation. Saumya yields great results against the condition.

Burning of a Chronic wound

If a person feels terrible irritation in a chronic injury or a chronic anal fistula, Saumya will put him at ease by preventing the irritation.

Saumya

Burning Preclusion

Acidity

Saumya capsules taken in acidic conditions along with other anti-acidity medicine, will provide relief from the burning sensation.

Saumya

Burning Preclusion

Therefore, **Saumya** is a medicine for the treatment of burning sensation, felt in any part of the body.

Excessive use of hot spices such as excessive consumption of chili, overutilization of food items containing citric juices, overeating or frequent eating of greasy and junk food like pizza and burgers can lead to the acidity that causes heart burn, mouth ulcers, sulphur burps, and indigestion.
